

Benefits of C Programming

CHAPTER 3

SURESH TECHS

C PROGRAMMING COURSE

Use for students?

1. **C is the mother of all languages**
2. Once students learned C, it is **easy for them to learn by themselves any other computer languages** without much difficulty.
3. **Learning C is the first step to programming**, you get to know the basics.

Used to develop

Operating Systems

Embedded systems

- 1. Vehicles**
- 2. Set-top boxes**
- 3. Cameras**
- 4. Televisions**
- 6. IoT**

Databases
